LAMINATE WOODEN FLOORING

# Introduction

## Panorama Collection

Panorama Collection is a stunning range of laminated flooring that's going to change the game in the high-end flooring market. Here's why you will love it

- **Sophisticated European Style:** Each plank is a work of art, designed with European colors from Interprint Germany. It brings a unique charm that lifts up any space.
- **Innovative V-Groove Design:** Our special small V-groove feature gives that real wood look with easy maintenance. Perfect for the modern, convenience-loving customer.
- **Exceptional Durability with Aqua Protection:** Worried about spills? Our 12-hour aqua protection ensures it's tough against water, making it ideal for homes and businesses.
- **High-Density HDF Core:** At 900 kg/m<sup>3</sup> density, these planks offer stability and long-lasting beauty. It's not just good-looking flooring – it stands the test of time.
